Forecast for Wednesday 06 Oct 2021

Weather: Dry with long clear spells developing through the early hours. Then a sunny morning but cloud above the summits increasing from the west during the afternoon. Outbreaks of rain reach western hills during the evening, and cloud lowers, the rain spreading to all parts by midnight.

Chance of cloud free mountain/hill tops above 600m: 100% falling to around 25% through the evening.

Visibility: Occasional or periods of cloud developing above 450-600m during the evening. Otherwise visibility very good, with some decent panoramic views of surrounding hills, falling to several kilometres in rain later.
